Application Form

Discovering the Ausable: An Aquatic Stewardship Program

Discovering the Ausable: An Aquatic Stewardship Program is a five-day, four-night adventure in camping and aquatic stewardship for teens age 13-16. Participants will explore the Ausable River watershed while learning about aquatic ecology and participating in water quality experiments. Have fun with peers while developing your paddling skills and learning the intricacies of physical, chemical, and biological sampling techniques. Participants will camp in a yurt at ADK's Education Yurt village while taking day trips to places along the Ausable River. This program is a partnership of ADK and the Ausable River Association (AsRA).

Requirements: Must be ages 13-16 at the time of the program. Must have an interest in nature and outdoor activities.

Name:_____ Age:_____
